Negro Woman, for Revenge, Cuts Thomas More Down the Back With Razor.

(Special to The Times-Dispatch.) PETERSBURG, VA., July 31.—Shortly after 2 o'clock this afternoon fire broke out on the third floor of the Index-Apreal building, corner of Sycamore and Courthouse Avenue. The department promptly responded to the glarm, and soon had the fire under control, confining it to that floor. It is not known how the fire originated. Considerable damage was done to the material on the floor and to the woodwork, and on the floor below damage resulted to the machinery and press by water. However,

the pushcation of the paper will not be interrupted, and the Index-Appeal will appear as usual in the morning.

Wyatt Johnson, negro well known in police circles, appeared in the Mayor's Court this morning to answer three warrarts, charging him with selling liquor without a license, and selling the same without a license, and selling the sam on Sunday. The officers who made the errest searched Johnson's house, and found there about ten gallons of liquors and wines. He was balled to appear for

## Another Cure in Richmond

Mr. A. R. HODGES says:

"I am a tobacco worker and lived on West Cary Street, in Richmond, for six years. About nine months ago I was stricken with what was pronounced inflammatory rheumatism, It began with a severe pain in my shoulder and ranged down into the small of my back, disabling me for several days, but yielded temporarily to a local application. The suffering soon returned, and I could hardly get up when down or bend down when standing. 16 would not be so had during the day, after walking around, but came on me always at night, becoming so severe about 4 o'clock in the morning that I could not rest and had to get up. The inflammation and painful swellings at times attacked various parts of my body, until I became almost an invalid. I could and no relief until I began using Payne's New Discovery, ten days ago. From the first three doses I noticed improvement, and now I feel as well as I ever did in my life, and am able to do a day's work without fatigue. I believe I am permanently cured and cannot speak too highly of Payne's wonderful remedy.

MR. W. C. CAMP'S NEW GROVE AVENUE RESIDENCE.

The accompanying illustration represents one of the handsomest residences just completed in the West End of the city, on Grove Avenue. Its style of architecture is colonial, and this is carried out both in the interior as well as the exterior in every detail. The simplicity of design is most attractive and its quiet dignity is very impressive. It is to be sincerely desired that more of such houses will be erected in that rapidly growing section of the city, where, unfortunately, there has been too much sameness of design in the houses and the crowding of them upon lots that are too narrow is much to be regretted. The house above referred to is the residence of Mr. William C. Camp, and it was designed by Captain M. J. Dimmock, who supervised its erection. The general contractor was James Fox & Sons, of this city.

Got Divorce, Not Funeral.

PITTSBURG, July 31.—A decree of divorce was granted to Robert H. McConkey, of Carnegle, Saturday. In his petition McConkey alleged that last winter he was very ill, and that his progress toward recovery was materially retarded by his wife asking every few minutes which undertaker he would prefer to have officiate at his funeral.

He says that in spite of his wife's expectation that he was going to die, he got well, but decided that a divorce was what he wanted and not an undertaker. The court agreed with him.
